

# Monthly Indicators

## Gallatin County, Montana

### March 2018

New residential real estate activity has been relatively slow in the first quarter of 2018, yet housing is proving its resiliency in a consistently improving economy. Some markets have had increases in signed contracts, but the vast majority of the nation continues to experience fewer closed sales and lower inventory compared to last year at this time. Despite there being fewer homes for sale, buyer demand has remained strong enough to keep prices on the rise, which should continue for the foreseeable future.

Closed Sales decreased 13.1 percent for Single Family homes but increased 31.4 percent for Condo/Townhouse homes. Pending Sales increased 0.6 percent for Single Family homes and 20.8 percent for Condo/Townhouse homes. Inventory decreased 19.9 percent for Single Family homes but increased 0.5 percent for Condo/Townhouse homes.

The Median Sales Price increased 13.6 percent to \$399,000 for Single Family homes and 13.4 percent to \$288,000 for Condo/Townhouse homes. Days on Market decreased 30.3 percent for Single Family homes and 27.5 percent for Condo/Townhouse homes. Months Supply of Inventory decreased 18.2 percent for Single Family homes but remained flat for Condo/Townhouse homes.

The Federal Reserve raised its key short-term interest rate by .25 percent in March, citing concerns about inflation. It is the sixth rate increase by the Fed since December 2015, and at least two more rate increases are expected this year. Borrowing money will be more expensive, particularly for home equity loans, credit cards and adjustable rate mortgages, but rising wages and a low national unemployment rate that has been at 4.1 percent for five months in a row would seem to indicate that we are prepared for this. And although mortgage rates have risen to their highest point in four years, they have been quite low for several years.

## Historical Percent of List Price Received by Month

# Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income is 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. A higher number means greater affordability.

## March

## Year to Date

Affordability Index	Single Family	Year-Over-Year Change	Condo / Townhouse	Year-Over-Year Change
